

Title: Faculty Positions (August of 2020) - International Degree Program in Climate Change and Sustainable Development, National Taiwan University

The International Degree Program of Climate Change and Sustainable Development (IPCS) at National Taiwan University invites applications for a faculty member (rank commensurate with experience) beginning August 1, 2020. This is a search for an expert in the field of Earth, Life or Social sciences related to climate change and sustainable development. The successful candidate is expected to establish a vigorous research program that complements and augments existing strengths within IPCS, and to participate in undergraduate and graduate teaching. An applicant must possess a PhD, preferably with postdoctoral experience and a strong track record of scientific productivity.

IPCS is an interdisciplinary degree program that encompasses a global perspective. It currently consists of 21 faculty members from 11 departments across 5 colleges in National Taiwan University, which is the top national research University in Taiwan. Inquiries can be addressed to Jen-Ping Chen (jpchen@ntu.edu.tw), Chair of IPCS. For more information regarding the program, please visit <https://academicjobsonline.org/ajo/jobs/15618> .

The application deadline is January 31, 2020. Please submit applications online through the Academic Jobs Online by including (1) a cover letter, (2) curriculum vitae including the publication list, (3) statement of research interests, and (4) teaching statement. The applicant should also arrange three letters of reference to be submitted online at Academic Jobs Online or e-mailed directly to Professor Sue-Ching Jou at jouchen@ntu.edu.tw by the reference writers.
