### Faculty Position Announcement DEPARTMENT OF ATMOSPHERIC SCIENCES NATIONAL TAIWAN UNIVERSITY TAIPEI, TAIWAN

The Department of Atmospheric Sciences (DAS, <http://www.as.ntu.edu.tw/index.php/eng>) at National Taiwan University (NTU) seeks one to two faculty members in weather, climate and earth system, or atmospheric physics and chemistry, at the Assistant, Associate, or Full Professor levels, beginning in August 2021.

NTU is a world-renowned university that attracts most competitive students and faculty from Taiwan and abroad. DAS is one of the core institutions of the Earth System Science in College of Science of NTU. DAS offers complete educational programs of atmospheric sciences from Bachelor to Ph. D. level and has various laboratories with excellent facilities for teaching and research in three major directions: (1) Dynamics and forecasting of severe weather; (2) Global change, climate dynamics, and air-sea/air-land interaction; (3) Physical/chemical processes of atmospheric phenomena and related environmental issues. Faculty and students of DAS are dynamic and forward-looking in pursuing academic excellence. The recruit of new faculty is expected to further strengthen research and teaching activities of DAS and to develop unique and creative study programs.

Applicants must hold a Ph.D. degree in atmospheric sciences or closely related fields, preferably with postdoctoral experience, cross-discipline research capability, and teaching experience. Application documents should be submitted online through the Academic Jobs Online (<https://academicjobsonline.org/ajo/jobs/17188>) by including (1) curriculum vitae with a complete publication list, (2) statement of research interests, (3) statement of teaching experience and interests, and (4) contact information of at least three references. The application deadline is 31 December, 2020. Further information and inquiries can be addressed to
