

## **Faculty Position in Earth Sciences at National Taiwan Normal University**

The Department of Earth Sciences at National Taiwan Normal University invites applications for **one** faculty position at any rank (assistant, associate, or full professor) in **oceanography**. Candidates in oceanography, particularly with expertise in Physical Oceanography, Ocean Climate Dynamics, or related interdisciplinary fields, are welcome.

The appointees should have a demonstrated record in research and a commitment to excellence in undergraduate and graduate teaching. It is expected that the candidate will have a Ph.D. in oceanography at the time of the appointment with preference given to those with post-doctoral experience and whose interests, abilities, and experience enhance our existing programs. The successful candidate is expected to demonstrate the ability to teach in English (English-Mediated Instruction, EMI) and to offer a minimum of two EMI courses per academic year within the first three years of appointment.

Applicants should submit a cover letter, a current CV, a publication list, a description of how your future research and teaching will contribute to the overall goals of the department, a (photo) copy of doctorate diploma, and arrange three letters of reference, at the address or e-mail given below **before 01/30/2026**.

Dr. Wan-Ru Huang, Chair of the Department of Earth Sciences,  
National Taiwan Normal University,  
No. 88, Sec. 4 Ting-Chou Road, Taipei 11677,  
Taiwan, R.O.C.
